REACH is laying down specific communication and notification requirements for products containing >0.1% (w/w) of substances on the Candidate List in articles 7.2, 31.1(c) and 31.3(b) and in article 33 of the REACH legislation. The Candidate List of substances of very high concern (SVHC) established in accordance with article 59(1) of substances potentially subject to the authorization procedure has been published for the first time at the ECHA website on October 28, 2008.

To fulfill the REACH communication requirements, the MEGlobal Safety Data Sheets for products containing >0.1% (w/w) of a substance on the Candidate List will be updated without delay. MEGlobal will proactively provide such updated Safety Data Sheets to all recorded customers within the Community (EU & EEA) currently purchasing concerned products. Any updates in the candidate list will be handled in the same way. MEGlobal urges downstream users to ensure compliance with the requirements for communication and notification given in above listed articles of the REACH legislation.
